Tender for the following works are invited by the undersigned from financially sound and well experienced contractors/firms.

No	Name of work	EMD	Cost of documents	Period of completion
1	Renovation work for new canteen Registered "D and above" class	12,900/-	860/-	2 months

The Quotation in sealed cover super scribing the name of work should reach the undersigned on or before 5 pm on 18-08-2026. The Kannur Co-operative Hospital Society reserves the right to accept or reject any tender without assigning any reason thereof.

Secretary,
The Kannur Co-operative Hospital Society.

Contractor

Secretary

GENERAL CONDITIONS

Conditions stated herein and those specified in the Notice Inviting Tenders will be deemed to form part of the contract.

1. If the rate in figures and words quoted by abider differ, the rate in words will be reckoned as the correct one and the contractor is bound to accept the same if the work is awarded to him.
2. Estimate rates quoted for various items shall be inclusive of all charges for various tools and plants required for the proper execution of the work.
3. Quoted rate shall be inclusive of all leads and lifts and all other incidental charges whether specifically mentioned herein or not. On no account, claims for extra rates will be allowed after the tender is decided.
4. It is the contractor's sole responsibility to get machinery tools and plants etc. required for proper execution of the work as per specification and THE SOCIETY does not undertake any responsibility on this.
5. Quoted rate shall be inclusive of GST and all other taxes as per rules in force from time to time and the rates quoted by the contractor will remain unaffected by any increase that may be made from time to time in the rates at which the taxes are levied.
6. Contractor shall produce clearance certificates for GST, Agricultural Income Tax and Income Tax etc. in prescribed forms from the authorities concerned. On no account shall final payment be made before producing such certificate.
7. It is binding on the contractor that if any taxes are due from him to the State Government/Central Government the amount of such tax is recoverable from the bills due to the contractor.
8. Any amount due to the Government and/or The SOCIETY under or by virtue of this contract shall be recoverable first from the security furnished by the contractor and if the same is found insufficient, such deficit amount shall be recoverable under the provisions of the Kerala Revenue Recovery Act and/or in any manner THE SECRETARY may deem fit.
9. Instructions regarding blasting operation laid down in KPWD manual should be strictly followed.
10. Contractor shall take a license under the relevant explosive acts and rules to enable him to manufacture and possess necessary quantity of blasting materials required for blasting. Any irregularity in respect of manufacturing or storage of blasting materials will be reported forthwith to the licensing authority.
11. Contractor shall abide by the fair wage regulations current in the state.
12. Local tribes shall be employed for the work to the maximum possible extent.
13. It is the sole responsibility of the contractor to look into the safety of labourers engaged by him and any amount to be paid under workmen compensation act will be his debit.
14. Quantities shown in the schedule are only approximate. Contractor is bound to carry out all excess over and above the agreed quantity, if found necessary during execution, at the agreed rates.

Contractor

Secretary

15. Defects, if any noticed within **18months** from the date of completion, shall be got rectified by the contractor. It will be got done by THE SOCIETY by engaging any other agency if the contractor fails to do so. The cost there on shall be made good from the contractor.
16. Contractor shall have no claims for any loss due to unforeseen circumstances including short supply of materials or suspension of work due to any reason.
17. Materials collected for the work, shall be got approved by THE CONSULTANT and/or by THE ENGINEER, before they are used on the work.
18. The contractor agrees not to assign or share with any other persons his interests in the work, without obtaining prior approval of THE SOCIETY.
19. Contractor shall arrange to provide all scaffolding, shoring, strutting etc. required for the work and any extra claim for such items shall not be entertained. Quoted percentage rates shall include all charges for working at all heights and depths.
20. In the case of rock blasting works measurements of solid rock are not possible before blasting. Payment shall be based on stack measurements with appropriate deduction for voids.
21. All tools and stores for construction must be provided by the contractor at his own cost.
22. Release of the security deposit: The security deposit shall be retained with The SOCIETY for 30 days from the date of completion of the defect liability period of 36 months. The security deposit may be released in part or in full during the course of the work, if so requested by the Contractor. Such interim release, on the recommendation of THE CONSULTANT, shall be done only if THE SECRETARY is convinced that premature releasing of the security deposit is in the interests of the work and also that the amount payable as per final bill would be sufficient to cover all the liabilities of the contractor and to constitute the Security Deposit till its usual date of release. The contractor shall produce latest clearance certificate of Income Tax, Agricultural Income Tax, GST etc. along with the application for interim release of the Security deposit.
23. The work should be completed in all respects within the stipulated period of 3 months. Failure on the part of the contractor to maintain proportionate rate of progress may result in imposition of penalty. The penalty for delay shall be @ ½% (half percent) of the contract amount for a delay of one month or part thereof subject to a maximum of 10% (ten percent) of the amount of contract. THE SECRETARY on the recommendation of THE CONSULTANT and/or THE ENGINEER, may extend the time of completion without imposing fine, if the reason for delay is beyond the control of the contractor.
24. Items of The Work shall be executed as per standard designs and drawings approved by THE CONSULTANT/ENGINEER.
25. Contractor shall engage technically qualified persons (one Civil Engineering graduate & one Civil Engineering Diploma holder) for supervising the work. The Contractor shall pay monthly salary as per The Government norms to the engineers engaged by him.
26. All the conditions in the Notice Inviting Tenders shall form part of the agreement.
27. The rates accepted and specified in the agreement shall not be varied on any account whatsoever, and it shall hold good, irrespective of variations in quantities or items.
28. Contractor is bound to carry out extra items of work which are actually necessary for proper completion of the work. Payment for extra items shall be made on the basis detailed below.

Contractor

Secretary

- (i) In the case of an extra item, whether additional, altered or substituted, rate of an identical item, if exist in the contract, shall be applicable.
 - (ii) In the case of an extra item, whether altered or substituted, if similar items exist in the contract, the rate shall be derived from the rates of the original items by appropriate adjustment in the cost of affected constituents.
 - (iii) In the case of extra items whether altered or substituted, if similar items do not exist in the contract, and rates exist in the DSR, the rates of extra items shall be arrived at on the basis of the DSR data rate based on the same schedule of rates depended for arriving at the rates of the original items.
 - (iv) In the case of extra items, whether additional, altered or substituted for which the rates cannot be derived from similar items in the contract and only partly from the DSR, the rates for such part or parts of items as are not covered in the DSR shall be determined by THE CONSULTANT/Engineer on the basis of the prevailing market rates giving due consideration to the analysis of the rate furnished by the contractor with supporting documents, including contractor's profit. This shall be added on the ~~departmental rate (including contractor's profit)~~ as per original schedule on which the tenders were invited for the other part of the item for which rates can be derived from the DSR.
 - (v) In the case of extra items, whether additional, altered or substituted, for which rates cannot be derived either from similar items of work in the contract or from the DSR the contractor shall communicate, within fourteen days of receipt of the order to carry out the extra items, to THE SOCIETY the rates he proposes to claim for the items, supported by analysis of the rates. THE SOCIETY shall, within one month thereafter, determine the rates based on the market rate, giving due consideration to the rates claimed by the contractor.
 - (vi) Data rate shall mean the rate derived from DSR 2021.
32. The quoted rate for earth work shall include all charges for putting up ring bund, maintaining the bund water tight during the course of the work, dismantling the bund and removing debris after the work is over and all charges for bailing out water with or without pump and motor
33. Payments will be made as per the actual work done at the site which will be certified by THE CONSULTANT. The Contractor should not submit any invoice for incomplete or partly done work.
34. If it appears to THE CONSULTANT and/or THE ENGINEER and/or THE SECRETARY that any work or part of work has been executed with imperfect or unskilled workmanship or with materials of inferior quality, the contractor shall, rectify, remove or reconstruct forth with the same in whole or in part as the case may be at his own expenses. In the event of his refusal to do so, THE SECRETARY shall arrange to rectify the defect /remove the inferior quality work and materials from the site and the expenditure there on made good from the payments due to the contractor.
35. The Security Deposit shall not bear any interest.
36. The costs of the tests and of the materials and labour involved in the testing operations shall be borne by the Contractor. The methods of sampling, the nature and extent of the tests to be carried out and their interpretation shall be in accordance with the relevant I. S. Code, unless otherwise provided in this contract. Name of laboratories or where the tests are to be carried out shall be got approved from THE ENGINEER and/or THE CONSULTANT.

SPECIAL CONDITIONS

1. Interpretation Clauses

- i) In construing these conditions, the specifications, schedule of quantities, and contract, the following words shall have the meanings herein assigned to them except where the subject or context otherwise requires.
- ii) Headings and marginal notes in the conditions of contract shall not be deemed to form part thereof or be taken into consideration in the interpretation or construction thereof or the contract.
- iii) Where the context so requires (i) words importing persons include firms and corporations and (ii) words importing singular also include the plural and vice versa. (iii) Words importing masculine gender also include feminine gender and vice versa.
- iv) THE SECRETARY shall mean THE SECRETARY of The Kannur Co-op. Hospital Society, KANNUR, Kannur District, Kerala, their officers and executives and shall include them/their legal representatives, permitted assigns, or successors.
- v) THE ENGINEER shall mean a Civil Engineer with a minimum experience of three years/ retired from Government service from a post not below the rank of an Assistant Engineer and who has been engaged/appointed by THE SECRETARY for over all supervision, check measurement, verifying and approving the contractor's bills for passing by The SECRETARY and to advise the SECRETARY all technical matters of the work.
- vi) CONTRACTOR shall mean the person, firm or company whose tender is accepted by THE SECRETARY and includes his/their legal representatives, permitted assigns or successors.
- vii) THE SITE shall mean the land and/or other places on, into or through which the work is to be executed under the contract or any adjacent land, path or street through which work is to be executed under the contract or any adjacent land, path or street which may be allotted for use for the purposes of carrying out the work under the contract.
- viii) THE CONTRACT or this Contract shall mean the tender documents comprising of the notice inviting tender, form of tender, tender conditions, drawings, and priced bill of Quantities, acceptance thereof, and the Articles of Agreement, together with the conditions of contract with its appendix and special conditions, if any, specifications, designs, drawings and instructions, issued from time to time by THE CONSULTANT/THE ENGINEER/THE SECRETARY and all these documents taken together which are deemed to form the contract and shall be complementary to each other.
- ix) BILLS OF QUANTITIES variously also termed as 'Priced 'Bills of Quantities' or 'Tender Schedule' shall mean the schedule of quantities originally furnished with the notice inviting tender, duly priced in by the bidder and accepted by THE SECRETARY or inclusion as a part of the contract for determining the consideration payable to the Contractor for executing the work and as a part of the contract agreement. it is also referred to as the agreement schedule.
- x) NOTICE IN WRITING or written notice shall mean a notice in written, typed or printed characters sent (unless delivered personally or otherwise proved to have been received)

by registered post to the last known private or business address or to the registered office of the addressee and shall be deemed to have been received when in the ordinary course of post it would have been delivered.

- a) THE SECRETARY will have the right to stop the entire work or any item of work without assigning any reason at any stage if it is required by reasons beyond his control. In case if stoppage of work, the work carried out will be measured and paid for at the quoted rates and in case any balance materials are available at the site it will be paid for according to the prevailing market rates.
- b) Steel and Cement required for the work shall be supplied by the contractor at the site at his own cost. Contractor has to record the arrival of each consignment of steel and cement at the site and attestation for the stock entries should be obtained in the concerned stock registers kept at the site from the site supervisor or from the representative of THE SECRETARY cement and steel so supplied should be stored properly in the work site by the contractor at his cost. Consumption of cement and steel for each item shall be as per specification and structural design and if any cement or steel is over consumed or wasted, ~~the cost of the same should be borne by the contractor. The cement store will be~~ inspected by THE SECRETARY / his representative at frequent intervals. The contractor has to maintain a register showing the daily consumption of cement and steel and the balance in hand. Quantity of work executed every day shall tally with the consumption of ~~cement and steel in stock under the custody of the contractor. Stock of cement and steel~~ in the stores at the site shall always be sufficient to keep steady progress of the work. The work should not be stopped at any time due to shortage of store materials.

Old stock of cement will cause reduction in the strength of the work and so the supply of cement should be regulated in such a way as to get always fresh cement for the work.

If any consignment of cement or steel brought to the site found to be old or useless or not in good condition, the same should be removed from the site immediately. The discretion about the usefulness of the materials brought to the site entirely lies with any one or more of THE CONSULTANT, THE ENGINEER, THE SECRETARY and the representatives of the SECRETARY Including the site supervisor.

- c) All centering props and spans shall be of adjustable-readymade steel members. Form work of shuttering shall be water tight and of steel.
- d) THE SECRETARY shall have the right to execute any part or item of work through any other agency by diverting for better quality and/or better speed of execution in which case no compensation will be paid to the contractor for such work changes.

2. INSURANCE

Contractor shall insure the works under Contract All Risk (CAR) policy, at his cost within 7 days from the date of commencement of the work or the date of agreement, whichever is earlier and keep the insurance valid until six months of taking over by THE SECRETARY or three months after the date of completion, whichever is earlier, against loss or damages by fire or other such unusual risk with an insurer to be approved by THE CONSULTANT/THE SECRETARY in the joint names of THE SECRETARY and THE CONTRACTOR (the name of the former being placed first in the policy) for 15% higher than the contract amount, and for any further sum being allowed to the contractor as an authorized extra. The contractor shall deposit the policy and receipts for the premium paid with THSECRETARY E with in twenty one days from the date of ~~commencement of the work in default of which, THE SECRETARY may insure and may deduct the premium paid from any money that may be due, or that may become due to the Contractor. The Contractor shall as soon as the claim under the policy is settled, or~~

the work reinstated by THE SECRETARY should they elect to do so, proceed with all due diligence with the completion of the works in the same manner as though the fire or other such risks had not occurred and in all respects under the same conditions of contract. The Contractor in case of rebuilding or reinstatement after fire or other unusual risk shall be entitled to such extension of time for completion as THE CONSULTANT /THE SECRETARY may deem fit.

Notwithstanding anything stated above, THE SECRETARY reserves the right to obtain the "Contractor All Risks Policy" on behalf of the Contractor and debit the relevant charges to the contractor. However, the responsibilities of follow-up & required assistance to the Insurance authority in case of any claims/clarifications and submission of any relevant Documents will be that of the Contractor.

3. Certificates and Payments:

Running Account (R.A) bills in triplicate shall be submitted by the Contractor in each month, on or before the date fixed by THE CONSULTANT/THE ENGINEER/THE SECRETARY(if no date is fixed, by the 15th of every month, or at other suitable intervals ~~consistent with the stipulation in the appendix to the conditions of Contract regarding~~ "value of work for interim payments") along with detailed measurement also in triplicate for the work executed in the previous month or period, and THE CONSULTANT shall verify the measurements and THE ENGINEER shall check measure the works/ take measurements or cause the measurements to be checked/taken for the purpose of having the same verified and to the extent the work has been executed in accordance with the contract, issue interim certificate, and THE SECRETARY shall make payments to the contractor on the basis of such certificates with in the period specified for honoring contract.

When the works have been virtually completed and THE SECRETARY has verified to ensure that it has been so completed, the Contractor shall submit the final bill in respect of the contract work within one month thereafter and payment shall be made by THE SECRETARY as specified in the Appendix "Installment after virtual completion", and "period for honoring bills".

The contractor shall be entitled to the payment of the final balance in accordance with the final verification by THE SECRETARY after the expiration of the period referred to as "the defects liability period" in the Appendix attached hereto from the date of virtual completion or as soon after the expiration of such period as the work shall have been finally completed and all defects made good according to the true indent and meaning thereof whichever shall last happen, provided always that the verification by THE SECRETARY during the progress of the work or at or after their completion shall not relieve the Contractor from his liabilities under relaventClause nor relive the Contractor of his liability in case of fraud, dishonest or fraudulent, dishonest or fraudulent concealment relating to the works or materials or to any matter dealt with in the certificate, and in case of all defects and insufficiencies in the works or materials of which a reasonable examination would not have disclosed. Verification/ payment by THE SECRETARY shall not itself be conclusive evidence that any work or materials to which it relates are in accordance with the contract neither will the Contractors have a claim for any amounts which THE SECRETARY might have paid and which might subsequently discovered as not payable and in this respect THE SECRETARY's decision shall be final and binding.

Contractor

Secretary

THE SECRETARY /CONSULTANT shall have power to withhold any payment if the works or any parts thereof are not being carried out to their satisfaction.

THE SECRETARY may make any correction on previous verification/payment which shall have been made by him. No payment will be made by THE SECRETARY, if the Contractor fails to insure the works and keep them insured as per above clause. Also payment may be refused if the Contractor fails to execute formal agreement.

4. **Completion certificate**

Works shall not be considered as completed unless certified in writing by the Employer that they have been virtually completed and the defects liability period shall commence from such certified date of virtual completion of work.

Within ten days of the completion of the work, the Contractor shall give notice of such completion to the Employer and within ten days of the receipt of such notice the Employer shall inspect the work and if there is no defect in the work shall furnish the Contractor with a certificate of completion, otherwise a provisional certificate of completion indicating defects (a) to be rectified by the Contractor and/or (b) for which payment will be made at reduced rates, shall be issued, but no certificate of completion, provisional or otherwise, shall be issued, nor shall the work be considered to premises on which the work was executed, all scaffolding, surplus material rubbish and all huts and sanitary arrangements required for their work, people on the site in connection with the execution of the works and as shall have been erected or constructed by the Contractor(s) and cleaned off the dirt from all wood work, doors, windows, walls, floors or other parts of any building, in upon or about which the work was executed, or of which he may have had possession for the purpose of the execution thereof, and not until the work shall have been measured by the Employer. If the Contractor fails to comply with the requirements of this clause as to the removal of scaffolding, surplus materials and rubbish and all huts and sanitary arrangements as aforesaid and cleaning of dirt on or before the date fixed for the completion of the work, original or extended, the BANK, after issuing due notice, may at the expense of the Contractor, remove such scaffolding, surplus materials and rubbish, etc. and dispose of the same as it thinks fit and clean off such dirt as aforesaid, and the Contractor shall have no claim in respect of any such scaffolding or surplus material as aforesaid except for any sum so incurred may be recovered from any money due or that may become due to the Contractor by the SOCIETY.

If several sub-works covered by separate schedules are included in the contract, and if at any time before the completion of the entire work, the Employer takes possession of any of the separate sub-works that may have been duly completed in accordance with the contract and so certified by the Employer notwithstanding any other writing that they have been virtually completed and the defects liability period shall commence from such certified date of virtual completion of work

Contractor

Secretary

5. All the pages of the, tender documents and contract agreement, shall bear full signature of the bidder at the foot of every page on left hand corner. A tender not bearing signature on all the pages of the tender document is liable to be rejected.
6. The contractor shall carryout all the works strictly as per drawings, details and instructions of the Consultant or his authorized representatives. If THE CONSULTANT decides to make any change in the design and directs the Contractor, with the prior approval of the SECRETARY to implement the change, the contractor shall carry out the same without any extra charge. Decision of THE SECRETARY E in such cases shall not be open to arbitration.
7. A schedule of approximate quantities for various items accompanies the tender. It shall be clearly understood that THE SECRETARY does not accept any responsibility for the correctness or completeness of the schedule. Items themselves or Quantities of items therein shown in the schedule are liable to alterations, omissions, deductions or additions at the discretion of THE SECRETARY. The terms of the contract shall remain unaffected by such changes and the contractor is bound to execute additional quantities of work, if found necessary, at his quoted rates.
8. ~~The work should be started immediately after signing the contract agreement.~~
9. Water And Electricity required for the whole work shall be provided by the Contractor. No charges toward this will be paid by THE SECRETARY
10. In case of stoppage of work due to dispute with the Contractor or due to any other reason ~~THE SECRETARY shall have the right to take over the site and will have the right to~~ make alternate arrangements for the construction to avoid delay in execution of the work.
11. If specification do not exist for an item of work, such item of work shall be carried out in accordance with the distinct specification and in absence of distinct specification the work shall be carried out in accordance with the instructions of THE CONSULTANT/THE ENGINEER
12. All works at all times shall be open for inspection and supervision of Engineer in charge. The contractor or his authorized responsible agents shall be present at all times during usual working hours or all other times as previously informed to receive orders and instructions from THE SECRETARY /THE CONSULTANT/THE ENGINEER.
13. The rates quoted for each item of work included in the schedules are applicable for completing the entire project irrespective of the height of structure or the quantity required to be executed according to schedule of quantities.
14. Variation in design, construction details or type of materials be carried out as per directions of THE CONSULTANT and no claim for extra payments shall be allowed for such changes and modifications.
15. Approval of The Consultant/Engineer should be obtained for the brand, type, and quality of the materials, before using for the works. A list of brand names with the category of materials intended to be used shall be submitted by the Contractor for approval of the Consultant. It is however specifically stated that only Tata (TISCON) steel alone shall be used for the work and the plywood & mica shall be selected by The Consultant /Engineer.
